

## Family Celebration of Deutsche Aircraft GmbH

Venue: Alpaka Beach - A Combination of Indoor and Outdoor Beach Area

Last weekend (*September 24, 2023*), we had the pleasure of participating in the Family Celebration of [Deutsche Aircraft GmbH](#).

This exclusive event, held at the picturesque Alpaka Beach, offered employees and their children a variety of entertainment options.

Children were delighted with a multitude of attractions, including various kids' stations with different activities, ranging from a climbing wall to a huge sand play area. A special attraction was the Kids' Pilot Station, where the little ones could explore a skill park in pedal airplanes.

Sports enthusiasts also had their share of fun. In addition to a volleyball tournament, AirBadminton, an outdoor version of badminton, was offered on the outdoor beach space.

### AirBadminton

Our [BBV District Oberbayern](#) was offered the opportunity to create an outdoor beach area for AirBadminton - an offer that we gladly accepted. It was an excellent chance for us to promote the sport of badminton, especially AirBadminton (as part of outdoor badminton).

### About the Event

Catering took care of everyone's culinary needs. An excellent catering service treated all visitors to culinary delights. Beyond the pure entertainment offering, the event reflected the impressive corporate culture of Deutsche Aircraft GmbH. It was impressive to see how employees and children had fun together, interacted, and were connected both in entertainment and sports.

### "Flight Masters – In the Air and on the Field"

Two seemingly different worlds, yet driven by the same passion - the perfection of flight. Deutsche Aircraft GmbH and AirBadminton join forces to present the next generation of flight, in the skies and on the field. A mission and vision for both sides: [Aircraft](#) - [Outdoor Shuttlecock](#) (Airshuttle V2).

In conclusion, it can be said that this harmonious fusion of business and badminton sport was an unforgettable experience not only for us from the badminton team but undoubtedly for all participants. We can highly recommend such events and would like to express our heartfelt thanks for the opportunity to be part of this special day.

Our sincere thanks go to Deutsche Aircraft GmbH for the invitation and the opportunity to contribute to this celebration.
